
Objective:

- Highly motivated and dedicated student seeking an opportunity to apply my skills, knowledge, and enthusiasm to contribute effectively to organizational goals while continuously learning and growing in a dynamic professional environment

Area of Interest:

- **Data Science & Analytics** (Data Visualization, Machine Learning, Deep Learning)
- **Software Development**

Education:

- **Bachelor of Technology** **2023-2027**
Artificial Intelligence and Data Science
Dr.Mahalingam College of Engineering and Technology,Pollachi | Anna University | CGPA : 8.4
- **Higher Secondary Certificate** **2022-2023**
Vivek Vidyalaya Matriculation Higher Secondary School,Kinathukadavu | State Board | Percentage : 91
- **Secondary School Leaving Certificate** **2020-2021**
Unit Matriculation School,Naachipalayam | State Board

Skills:

Technical Skills:

- **Programming Languages:** Java, Python, C
- **Tools & Technologies:** power BI
- **Database Management:** MySQL

Soft Skills:

- **Communication**
- **Problem-Solving**
- **Time-Management.**

Projects:

Intelligent Energy Sharing System

- Forecasted energy consumption using 3-layer LSTM with weather & lag features, achieving $R^2 = 0.85$ and optimized peer-to-peer solar energy dispatch using reinforcement Learning + linear Programming and deployed fastAPI backend and streamlit dashboard supporting real-world datasets (UCI, Pecan Street)

Pest Classifier – CNN Based Machine Learning Model

- Developed CNN-based pest classification model using Python, TensorFlow; applied OpenCV preprocessing and enabled real-time prediction

Privacy Analyzer – Chrome Extension

- Built rule-based chrome extension to analyze privacy policies, detect sensitive data usage, and generate risk scores with real-time alerts

Internships:

Nandha Infotech – Data Science Intern -Coimbatore

June 14th to June 27th

- As a data science Intern I gained practical exposure to data analysis, machine learning, exploratory data analysis and contribute myself for predictive modeling using real-world datasets. worked with tools and techniques in natural language processing(NLP),real time computer vision, and predictive analytics

Certifications:

- Secured Elite for Programming in Java-NPTEL
- Certified in Python For Data Science – Great Learning

Achievements:

March 18th 2026

- Won 3rd prize in “Mindrix Symposium -Senior Edition”.
