Objective

I am a 3rd-year Bachelor of Technology student in Artificial Intelligence and Data Science, looking for a data analyst role as a fresher. I have a good understanding of programming and have built some projects during my studies. I am eager to learn and contribute to software development.

Area of Interest

- Data Science & Analytics
- Web Development
- Relational Database & SQL

Education

Bachelor of Technology - Artificial Intelligence and Data Science

Graduation: September 2027 | CGPA: 8.1

HSC | Mount park higher secondary school, kallakurichi

March, 2023 | 86%

SSLC | Vedhantha matriculation school, kallakurichi

March, 2021 | Nil

Technical Skills

- **Programming Languages:** C, Python, Java
- **IoT & Embedded systems:** ESP32, Arduino
Ultrasonic Sensors
- **Database Management:** MySQL
- **Frameworks:** React, Node.js

Soft Skills

- **Communication:** Excellent verbal and written communication
- **Problem-Solving:** Analytical Thinking, Root Cause Analysis

Projects

- **Predictive Maintenance for Textile Manufacturing – IoT & ML-Based Solution** 11.03.2025 to 19.03.2025
Developed an end-to-end predictive maintenance system for textile dyeing machines using IoT sensors and machine learning algorithms. As the team leader, I coordinated sensor integration, data acquisition, and ML model development to predict equipment failures and reduce unplanned downtime.
- **Smart Car Parking System using IoT and Mobile App** 20.03.2025 to 29.03.2025
Implemented an IoT-based smart parking solution that predicts parking slot availability before arrival using real-time sensor data. As the team leader, I guided the system architecture, supervised both hardware setup and mobile app development.

Internships

- **Appin Technologies - MERN Stack Development Intern, Coimbatore** 16.06.2025 to 30.06.2025
Worked on full-stack web development using MongoDB, Express.js, React.js, and Node.js, building responsive UIs and RESTful APIs. Collaborated with the team to develop scalable applications and improve code efficiency.

Certifications

- Certificate of appreciation in cyber hackathon-2025
- Completed NPTEL on Soft Skills with 66%

Achievements

Finalist, Texathon 2024 – Presented a predictive maintenance solution for textile machinery at AIC-NIFTTE, Tiruppur, recognized among top finalists for innovation in smart manufacturing.

Extracurricular Activities

Member of National Service Scheme - Contributed to social outreach programs and campus events focused on community development.
