

Objective

Aspiring software engineer with a strong foundation in Computer Science and Engineering and hands-on experience in developing and deploying robust applications. Proven ability to develop and implement software solutions through academic projects and internships.

Internship

Python Developer Intern(on-site) - LITZ Tech ,Coimbatore

Jun 2025 – Jul 2025

- Developed and optimized AI-driven Python applications for real-time use cases, reducing processing time by 30% through efficient algorithm tuning. Collaborated with a 5-member team on live client projects, resolved 20+ code issues, and contributed to improving overall application stability and performance in a professional development environment

Education

Dr. Mahalingam College of Engineering and Technology, Tamil Nadu, India

Sep 2023 – Sep 2027

B.Tech in Artificial Intelligence and Data Science || CGPA: 8.9/10

Sri Lathangi Vidhya Mandhir Higher Secondary School, Tamil Nadu, India

Apr 2022 – Apr 2023

Percentage:92.33%

Skills

Technical Skills

- Programming Languages:** C, Java, Python
- Web development :** HTML5,CSS3,PHP
- Database Management:** MySQL
- Frameworks:** JS

Soft Skills

- Communication:** Excellent verbal and written communication
- Problem-Solving:** Analytical Thinking

Projects

Student Information System

15/02/2024 to 02/03/2024

- Engineered a robust full-stack academic management system featuring an intuitive user interface using HTML, CSS, JavaScript and a secure, scalable backend using PHP to manage student records, grades, and schedules with efficient authentication and role-based access control

Leave Mate

07/10/2024 to 28/10/2024

- Developed a dynamic student leave management module with an intuitive frontend using HTML, CSS, JavaScript for submitting requests and a secure backend using PHP to handle validations, database storage, and approval workflows

Heart Risk Prediction

17/03/2025 to 07/05/2025

- Designed and implemented a machine learning-based heart risk prediction system using Python, Pandas, and Scikit-Learn to analyze patient health data and accurately estimate the likelihood of developing heart disease, aiding early diagnosis and preventive care

Certifications

- Certified in NPTEL: Soft Skills
- Certified in EDA and Data Visualization course
- Certified in AI for Students: Build Your Own Generative AI Model

Extracurricular Activities

- Solved 125+ coding problems on LeetCode
- Member of Studio Club

Achievements

- Reliance Foundation UG Scholar
- Won Third Prize in CodeClash at CIT

Languages

- English
- Tamil
- Malayalam
