

Objective

Seeking an opportunity to apply strong technical skills in C, Java, and SQL to real-world projects within a dynamic organization. Motivated B.Tech student committed to continuous learning, professional growth, and contributing effectively to innovative and result-driven teams

Area of Interest

- Software Development (Java)
- Data Science & Analytics - Data Visualization, Machine Learning, Data analytics

Education

- **Bachelor of Technology in Artificial Intelligence and Data Science** **2023-2027**
Dr. Mahalingam College of Engineering and Technology, Pollachi | Anna University | CGPA: 8.12
- **Higher Secondary Certificate** **2022-2023**
Government higher secondary school Komaralingam | State Board | Percentage : 83%
- **Secondary School Leaving Certificate** **2020-2021**
Government higher secondary school Komaralingam | State Board

Technical Skills

- **Programming Languages:** Java, Python, C
- **Tools & Technologies:** Power BI, Excel, Tableau.
- **Database Management:** MySQL

Soft Skills

- **Communication**
- **Problem-Solving**
- **Time Management**

Projects

- **Smart Traffic Control System** **Oct 2025**
Developed an **AI-based Smart Traffic Management System** using adaptive vehicle counting and emergency vehicle detection to optimize traffic flow, reduce waiting time, and improve urban mobility.
- **AI-Powered Resume Screening & Candidate Ranking System** **April 2026**
Developed an AI-powered resume screening system with automated candidate analysis, skill matching, and ranking. Used Python, Django, NLP (Sentence Transformers), and MySQL for database and admin panel integration.

Internship

Covai Tech Solutions - Artificial Intelligence

June 2025

- Completed internship at Covai Tech Solution with hands-on experience in Machine Learning and OpenCV
- Trained models using labeled datasets, handled model saving and deployment for real-time predictions Integrated OpenCV with TensorFlow/Py Torch for deep learning applications

Certifications

- Certification in Exploratory Data Analysis, with hands-on experience in data visualization using Pandas, Matplotlib
- Certified in Online Communication in the digital age through NPTEL with 64%
- Completed MongoDB University certification on NoSQL concepts, schema design, and CRUD operations

Achievements

- Solved 250+ Leetcode problems including easy, medium and hard levels
- Successfully completing TCS-iON Career Edge-Young Professional course, demonstrating strong command in reading and writing
